LYRICS

Did you know that the King of love
Left His throne put on flesh and bone
Just for us Just for us

Did you know that he wore our sin
Took our place all our shame erased
It is done It is done

This is the King's invitation

Come on in! Come on in!
You are seen, you are known
Make yourself right at home
just come on in!

Did you know there's relationship
There's no fear cause he wants you here
He's for us He's for us

Did you know there's a table set
There's a feast full of joy and peace
He says come He says come

This is the King's invitation

Come on in! Come on in!
You are seen, you are known
Make yourself right at home
just come on in!

Welcome to freedom, welcome to love
Welcome to family, welcome to fun
The King's Invitation welcomes you home, come on in!

Welcome to freedom, welcome to love
Welcome to family, welcome to fun
The King's Invitation welcomes you home, come on in! (GO UP)

Come on in! Come on in!
You are seen, you are known
Make yourself right at home
Just come on in! Come on in!
Who you are is enough
You don't have to dress up, just come in!
